

Orbit Mechanical Timer Instructions

Timed Watering:

Turn dial clockwise and align the desired number of minutes with the TIME INDICATOR. To turn off before time runs out, rotate the dial back to 0 and push up on the release lever to turn off.

Manual (Non Timed) Watering:

Depress the RELEASE LEVER and rotate dial counter clockwise to "Manual On". Water will stay on unless you turn it off. Rotate back to "0" and push up on release lever to turn water off..
